WarCATs
Warfighters Communications,
Assets, and Tracking System

WHAT ROGO PROVIDES:

IMAGINE...

- Handheld, lightweight, portable devices that Breach Information Silos & Enable Remote Collaboration
- Mission-critical + coordinated tactical efforts across multiple branches + breaches information silos
(regardless of distance or location)
- Real-time Soldier + vehicle tracking
- Integration with environmental, weather & biological/chemical sensors – gives S/A
- Displayed on TAK platform
- Possible cheaper data costs than the DISA contract
- Communicate and gain tactical data
-anywhere- without relying on terrestrial communications infrastructure or MANETs

You don't have to imagine it because *RoGO Communications* has built it!

THE FACTS SOLUTION

ROGO DROP BLOCK

IRIDIUM GATEWAY

INTERNET/
CLOUD

Can Work with other SAAS-
based Partner Platforms

RoGO's Value Add:

- RoGO's custom "Parsing Software"
- RoGO's Data Format sends Satellite data quickly
- **Communications & Situational Awareness anywhere**
- Predictive Data Analytics (currently in development)
- High-Bandwidth 176Kbps

ROGO DROPBLOCK

FEATURES & FUNCTIONS

Reports data to anywhere, from anywhere

- Tracks Equipment GPS Location
- Instant deployment
- Send Sensor Data To/From Anywhere
- DropBlocks send local weather:
 - Temperature
 - Wind Speed / Wind Direction
 - Relative Humidity
- Device powered from USB, AA Battery, Solar, or 120V Wall Power

Supplements MESH/MANET radio systems in areas that these systems fail in due to long distances or terrain that prevents line-of-sight communications

DROPBLOCKS Provide Exact Smart Munitions Guidance In
GPS Denied Areas

PARTNERS

IN SUMMARY:

RoGO's Hardware, Software and Partnerships provide a Unique solution that nobody else can match

RoGO's devices end conflicts faster & saves American lives

This solution is unavailable from anyone else

EMPOWERING the U.S. ARMED FORCES WITH INTELLIGENCE

APPENDIX: RoGO's Technology Differentiation

- **RoGO's Value-Add is sending Long Data over a Short-Burst Data Format: RoGO's special "Parsing Software"**
- **RoGO's Value-Add is Fast & Accurate Data Formatting: Sends Data Quickly...RoGO has unique AWS & Iridium industry partnerships**
- **RoGO connects Cellular-Denied Areas**
- **Send/Receive Data To/From Anywhere on the Planet**
- **RoGO Provides a Tech Solution to overcome the Roadblock of Transmitting large Data Streams over Short-Burst Satellite**
